BGA VISITS MOSCOW!

MIMS Automechanika Moscow, August 2021.

Great to be back in one of our favourite cities, Moscow, to showcase our extensive range of premium quality aftermarket products.

Our Russian customers know they can rely on us, as there is always someone ready to help and discuss their market needs. We have been working on our brand awareness in the Russian market for 10+ years now, which has definitely paid off hearing the feedback at the show.

“

Davide Piaser, head of export sales says “Busier than expected! All customers are happy to see us and knew we wouldn’t miss the opportunity to attend as BGA is always present with customers, constantly by phone and if possible, physically!

”

PRODUCT OF THE MONTH

BGA's Market leading Sealing range offers over **14,000 references**:

Available at BGA

- › Cylinder Head Gasket
- › Head Gasket Set
- › Head Gasket Set (w/o Cylinder Head Gasket)
- › Manifold Gasket
- › Crankshaft Oil Seals
- › Differential Oil Seals
- › Timing Cover Gasket
- › Valve Stem Seal sets
- › Rocker Cover Gasket
- › Rocker Cover Gasket sets
- › Rubber o-rings
- › EGR Gaskets
- › Gasket repair material
- › Sealant

Viton coating providing a **higher level of temperature resistance**, whilst maintaining a perfect seal under both vertical and horizontal movement.

OE specification Automotive grade stainless steel for increased service life.

SS301 grade stainless steel
1-5 layers of high sprung steel

BGA offer one of the largest Gasket, Bolt and Sealant ranges in Europe, including more than **14,000 quality references covering in excess of 50,000 applications**.

With over 90 years of gasket manufacturing under the belt, mechanics can confidently fit BGA gaskets knowing only the best technologies and materials have been used.

CUSTOMER FEEDBACK

We recently attended a virtual exhibition and gave our customers the chance to leave us some feedback.

Kyle

Mike

Excellent service, always reliable information provided.

Max

Great product- easily identifiable part numbers and quality packaging to reinforce the premium image.

Mark

Always found them to be reliable with my customers, the quality of product and availability has always been high.

Azim

Quality product which has not let my branch down.

Peter

Good quality and reasonably priced products that have regularly dug me out of a bind.

James

Nice easy supplier to deal with, good online B2B system and staff always willing to help on the phone and arrange collections instead of delivery.

Nathan

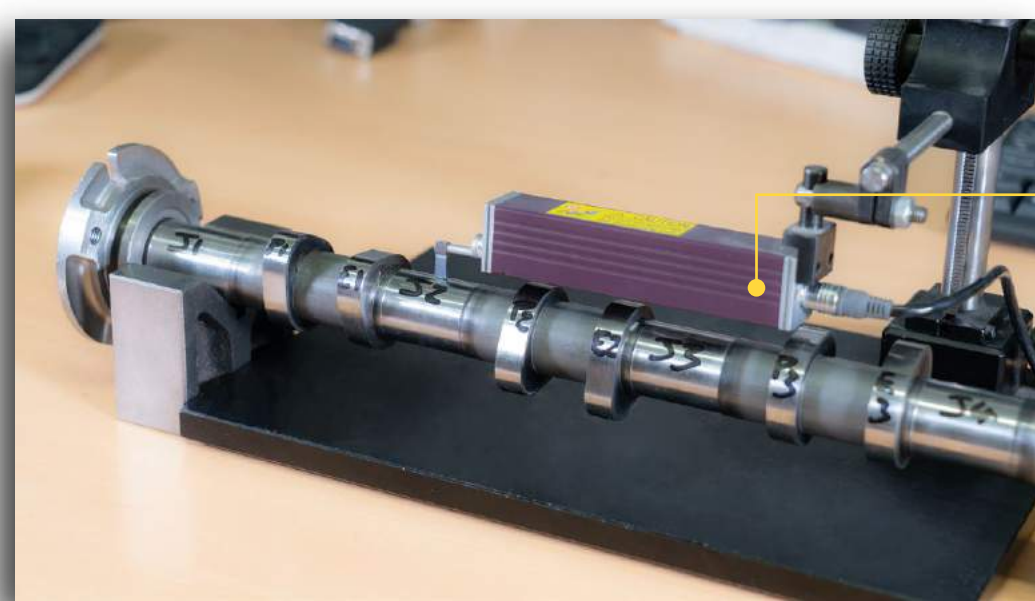

Quality items that fit straight out of the box, respected brand throughout the trade.

BEHIND THE SCENES

BGA goes into depth on their Camtrain range which contains over 1,300 OE specification references.

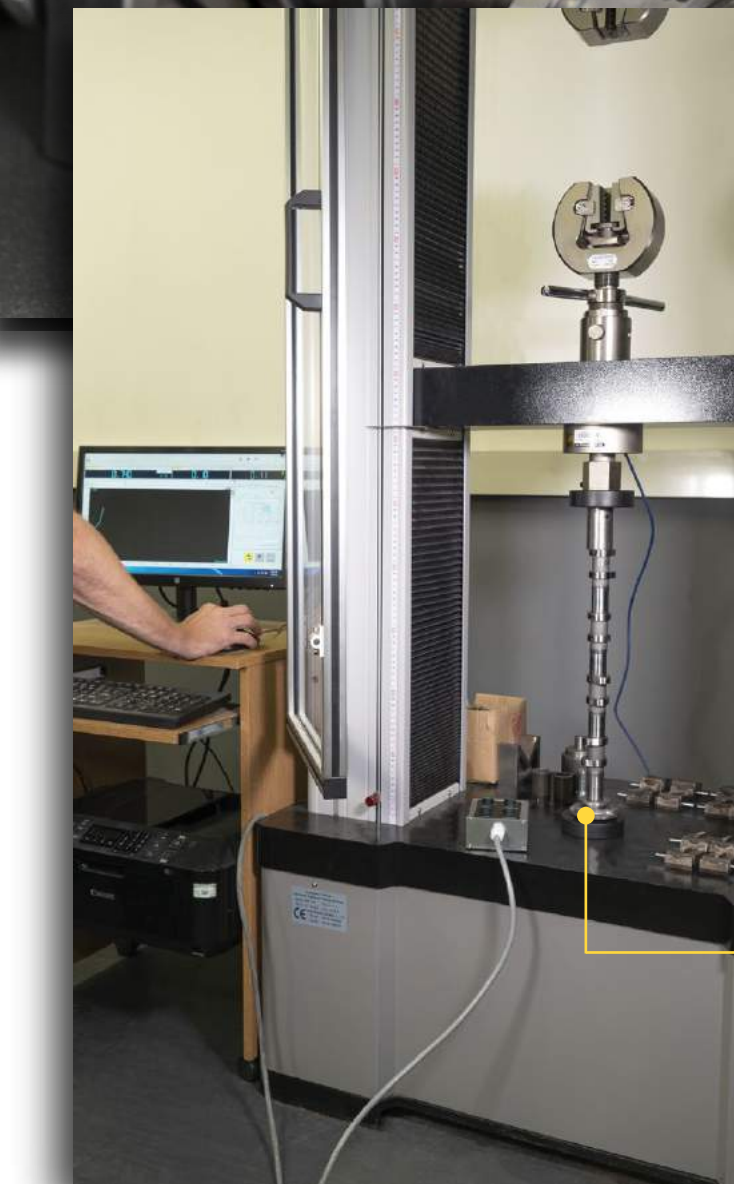

Surface Tester

As the surface finish is a critical specification, continuously monitoring the production provides quality assurance throughout the range.

Hardness Tester

BGA uses highly accurate ultrasonic diamond hardness test equipment to ensure production meets the specification.

Coordinate Measuring Machine

The CMM provides a precise measuring tool for the technical team to develop and conduct production quality testing.

Electric Press

Precision measuring equipment, provides a detailed analysis for development and production.

MARKET LEADERS WITH TIMING.

Without a reputable Timing chain Kit, the Camtrain system could be one slip away from catastrophic failure. As leaders in Europe for Timing Chains, you can trust in us for both Timing and Camtrain product groups.

BGA MARKET LEADING TIMING CHAIN KITS

- Over 250,000 Kits sold every year.
- 500+ hours testing on each batch.
- Additional testing includes tensile tests, material tests and functionality tests.
- 350+ References supporting more than 6,000 applications.

TIMING CHAIN / CAMTRAIN RELATION:

A timing chain synchronizes the rotation of the camshaft ensuring precise timing, allowing the engine's valves to open and close during each cylinder's firing.
