

BMW F30 STEERING & SUSPENSION - IN DEMAND

THE COMPLETE REPAIR. DONE RIGHT FIRST TIME.

THE PROBLEM

The BMW F30/F31 platform is built for sharp handling, but that performance comes at a cost. Steering and suspension components are constantly exposed to heavy braking, cornering and road impact loads.

Run-flat tyres, large alloy wheels and performance-focused suspension geometry can accelerate wear, leading to steering vibration, uneven tyre wear, instability and reduced driving comfort.

More vehicles, more mileage, more wear - making steering and suspension replacement an essential repair category

THE BGA SOLUTION

BGA Steering & Suspension components are engineered to restore precise steering, stable handling and OE driving characteristics on BMW F30 and F31 models.

With 55 SKUs covering the complete F30 front and rear chassis, including wishbones, tie rods, drop links and strut mounts, BGA provides a reliable solution for worn steering and suspension components.

Manufactured to exacting standards for quality, durability and fitment confidence, all parts are backed by a 5-year warranty, helping you complete repairs efficiently and with confidence.

**One Supplier. Full Repair.
Driving Precision Restored.**

SM9581, LS0935, TRC09024, SR0918

#	BGA Part No	Description	Top F30 Fits
1	TRC09024	Control/Trailing Arm	320d Gran Turismo / 320d Touring
2	TRC0980	Control/Trailing Arm	320d Gran Turismo / 320d Touring
3	TRC09018	Control/Trailing Arm	320d Gran Turismo / 320d Touring
4	TRC09017	Control/Trailing Arm	320d Gran Turismo / 320d Touring
5	SM9581	Suspension Strut Top Mount	320d Gran Turismo / 320d Touring
6	SR0918	Inner Tie Rod	320d Gran Turismo / 320d Touring
7	TRC0943	Control/Trailing Arm	320d xDrive Touring / 335d xDrive Touring
8	TRC0942	Control/Trailing Arm	320d xDrive Touring / 335d xDrive Touring
9	TRC0968	Control/Trailing Arm	320d xDrive Touring / 335d xDrive Touring
10	SR0917	Tie Rod End	320d Gran Turismo / 320d Touring
11	TRC0967	Control/Trailing Arm	320d xDrive Touring / 335d xDrive Touring
12	SR0916	Tie Rod End	320d Gran Turismo / 320d Touring
13	LS0935	Drop Link / Stabiliser Bar	320d Touring / 320d Gran Turismo
14	LS0946	Drop Link / Stabiliser Bar	320d Touring / 318d
15	BU0908	Control Arm Mounting (Bush)	320d Gran Turismo / 320d Touring
16	SR0944	Tie Rod	320d Touring / 320d Gran Turismo
17	TRC0944	Control/Trailing Arm	318d Gran Turismo / 320d
18	BU0413	Control Arm Mounting (Bush)	320d Gran Turismo / 320d Touring
19	TRC0969	Control/Trailing Arm	320d xDrive Touring / 335d xDrive Touring
20	SM0911	Suspension Strut Top Mount	320d Touring / 320d

5 YEAR WARRANTY

STEERING & SUSPENSION, BUILT FOR RELIABILITY AND CUSTOMER CONFIDENCE

QUALITY STATEMENT

STEERING & SUSPENSION

- ✓ Largest Steering Parts supplier, covering 97% of the global car parc
- ✓ Manufactured to meet or surpass OEM, elevating vehicle handling, stability, and driver confidence.
- ✓ One-stop-shop offer gives you additional cost savings with reduced administration and logistics.
- ✓ Comprehensive 5-year Warranty.

ALL QUALITY TESTING PRODUCTS ARE CARRIED OUT AT BGA'S HEADQUARTERS IN WILTSHIRE, UNITED KINGDOM.

EXTENDED CORROSION PROTECTION

2,000-hour salt spray tested with cataphoresis-coated Track Control Arms for superior resistance to salt, dirt and water ingress. OE standard is 720 hours..

BUILT FOR DURABILITY

Tough neoprene boots and OE-matched rubber bushings deliver increased durability, reduced splitting and longer component life.

PRECISION ENGINEERED

Electronically tested welds and roller burnished ball pins ensure smoother operation, reduced friction and consistent quality.

HIGH-PERFORMANCE LUBRICATION

Ball joints are filled with high-performance LN 584 LO grease, providing reliable lubrication across extreme temperatures from -40°C to +140°C. This enhances corrosion resistance, water protection and long-term operating performance.
