LP9560

Oil Pump for Vauxhall/Opel
1.2 & 1.4 petrol engines.

The oil pump is a known failure point across Vauxhall/Opel 1.2 & 1.4 petrol engines, particularly as vehicles accumulate mileage. Timing system wear and contamination can reduce oil pressure and damage the pump, leading to lubrication issues, potential serious engine damage and even complete engine failure. With over 935,000 vehicles on UK roads, this represents a significant repair opportunity, with BGA's LP9560 providing a reliable, OE-quality replacement solution.
