TC5621FK NEW TO RANGE

First to market – unique kit to BGA

The timing chain comes supplied to you pre-lubricated with our specially formulated chain lubricant. BGA's Chain Shield unique formula guarantees the pre-lubrication to synchronise with your choice of engine lubrication, with no adverse effects to the engines lubrication system.

- Protects the chain against external elements up to and during the installation.
- Aids in the lubrication of the chain on initial start-up after installation, prior to the full engine oil supply reaching your newly fitted components.
- Reduces the risk of premature wear occurring by running a non-lubricated chain

MARKET LEADERS IN TIMING CHAIN KITS.

3 YEAR MANUFACTURERS WARRANTY

BGA offer exclusively to customers a 3 year manufacturers warranty for all replacement parts.

What a blast at Automechanika Frankfurt! We would like to make a special shout out to all of our customers, old and new, for taking the time out of their week to come and visit us on the stand and join us on some evenings.

The team at BGA had a fantastic week and were overwhelmed by the feedback and kind words towards the brand, products, and staff.

5 days of hard but joyful work, over 300 customers visited with the highest quality meetings ever seen before at Automechanika Frankfurt.

We have done our best to welcome every single stand visitor and hope you have enjoyed the atmosphere and appreciated BGA's professionalism.

TB9650K

Timing Belt Kit

Available in stock now.

Our featured Timing Belt kit 'TB9650K' is an ideal reference to keep in stock. Fitting over 1,000,000 vehicles covering many popular applications such as Audi A3 2013 – 2017, VW Golf 2012 – 2020, Skoda Octavia 2012 – 2020, Seat Ibiza 2013 onwards, Seat Leon 2012 – 2020 and Audi Q3 2013 onwards making 'TB9650K' a must stock reference line.

BGA and OE belts both contain 100% Hydrogenate Nitrile Butadiene Rubber (HNBR), Precisely wound aramid braided cord generating exceptional tensile load resistance, and specialist tooth jacket providing increased abrasion and heat resistance with operational temperatures of up to 150°C.

HIGH PERFORMANCE NEEDLE ROLLER BEARINGS MANUFACTURED TO MEET OR SURPASS OE QUALITY.

OE STEEL SPRINGS TO INCREASE LONGEVITY.

Premium Aftermarket Transmission Components

We supply a range of comprehensive Drive Shaft and CV Joint Kits to provide our customers with an all-in-one solution which has been developed by our Technical Engineering Team to ensure consistent quality.

Our Drive Shafts are 100% inspected with “go / no go” spline gauges to ensure that the critical tolerance of our shaft splines is accurate. Hardness testing of all components is also undertaken in-house to ensure longevity.

The range has been engineered to perfection and tested endlessly on bespoke real-life simulation machines in BGA’s UK headquarters to match and exceed that of OE equivalent.
